

# T7070PVR

Dual Tuner Terrestrial Recorder

# DISH-TV®

## Description

The T7070PVR is a Freeview Approved Recorder, for use with your UHF Aerial. Watch great local, and international content across 20+ Channels nationwide, with Freeview. So that no matter where you are, you can enjoy quality TV and Radio.

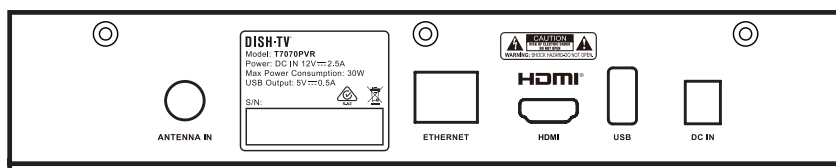

## Simple Setup

It can't get any easier than this! Simply connect the T7070PVR to your TV, and your UHF Aerial. The First Time Installation will tune in all available Freeview Channels, so you are ready to go straight away.

## Built-in 1TB Hard Drive

Record 2 Channels at once with the Dual Terrestrial Tuners. With a built-in 1TB Hard Drive that stores up to 400 Recording Hours, that should cover even the longest of vacations.
