

10-YEAR SEALED BATTERY POWERED SMOKE ALARM KA-1400

Overview

Kidde's range of smoke alarms total smoke alarm solution for the home.

House fires develop in different ways and are unpredictable. It is recommended that photoelectric smoke alarms be installed to provide maximum detection of the various types of fires that can occur within the home

Where to use

Photoelectric alarms are for use in escape or circulation routes and in areas where there is a danger of ignition of furniture and surroundings by cigarettes producing slow, smouldering fires. These alarms comply with AS3786:2014 standards.
