EMD12TP100D

ECONOBOARD - 3

ECONOBOARD

Features:

- Solid Steel construction and fully powder coated
- Surface mounting
- Clear legend holder on inner door
- Fast removable door hinge
- Increased door opening to 120°
- Two depth options for cabling and metering... 135mm or 235mm
- 4mm thick plastic masking panel
- 5mm plastic gland plate

Technical:

Current Rating max:	250A
Peak Current Rating:	20kA/1sec
Voltage:	600V
Frequency:	50 Hz

Circuit Breakers, RCBO'S and RCCD's are not Included in any of the Econoboard enclosures
