

Tradesman Pro™ Knee Pads

55629

- Five layers of impact resistant material for protection and comfort
- For comfort: an inner fabric layer of neoprene, an over-sized impact-absorbing gel layer, a molded polyurethane foam layer
- For protection: a super-tough 600d outer fabric layer, a protective outer shell with stabilizing non-slip surface
- Single strap doesn't bunch behind your leg
- Quick-fasten buckle

TRADESMAN PRO™

Based on feedback and field research with trades people, Klein designed these Knee Pads to work as hard as you do. They're built tough, yet comfortable, and feature five layers of protection with a stabilizing, non-slip flat outer surface, and a single strap that won't bunch behind your knee.
