

RATCHETING CRIMPER

A-3006CR

CRIMPS
NON-INSULATED
TERMINALS

FEATURES

- > Crimps non-insulated terminals onto 0.5 - 6mm² stranded copper wire
- > Adjustable compound action design gives more crimping power
- > Five crimping cavities in one tool: 0.5 - 0.8mm², 0.8 - 2.5mm², 2.5 - 4mm², 4 - 6mm² and 6mm² terminals
- > Built-in ratchet ensures full-cycle crimping for a uniform crimp
- > Unique cavity design provides consistent crimp from either side
