Catalog No. BC511S

Large Pouch Module, S-Hook

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. This will be "the Lineman's office". The S-Hook System easily attaches to aerial buckets with a standard 2-Inch or 3-Inch bucket lip. The Klein Tools Large Pouch Module holds a wide variety of lineman tools and hardware, including battery operated cutters, crimpers, and impact wrenches.
