Lineman's Crimping Pliers, 9-Inch

The Lineman's Crimping Pliers feature a crimping die behind the hinge. This provides superior leverage when crimping non-insulated connectors, lugs, and terminals. The rivet on these pliers are closer to the cutting edge which provides 46-Percent more cutting and gripping power than other pliers. Induction hardened cutting knives are extra durable for longer life.

Specifications

Type:	High Leverage Side Cutting/Connector Crimping Pliers	**Application:**	#8 AWG Copper, Aluminum and Other Soft Metals and Crimps Non-insulated Connectors, Lugs, and Terminals
Special Features:	Crimper	**Overall Length:**	9.35" (23.7 cm)
