

Overview

SmartVent Evolve2 is a centralised positive pressure system that constantly evaluates the environmental dynamics in and around your home. Four temperature and humidity sensors measure moisture content throughout the home, in the roof cavity and outside, to calculate dew point which is the measure of when condensation will appear on the windows given the internal temperature and moisture conditions combined with the temperature of the coldest surface. This comprehensive and clever solution can then determine how much improved air quality to introduce to effect change without the risk of over-ventilating. Market-leading Evolve2 technology comes with a range of fantastic features such as flexible upgrade options with weekly scheduling, dew point control, all easily navigated with the intuitive wall controller. Just set the preferred temperature and the system does the rest.

SmartVent Evolve2 Range

Home ventilation system suitable for most types of homes.

Model	Description	Product Code
SV02E2	2 room system (expandable to 3 max.) for homes up to 100m ²	FAN6910
SV04E2	4 room system (expandable to 6 max.) for homes up to 280m ²	FAN6911
SV06E2	6 room system (expandable to 10 max.) for homes up to 560m ²	FAN6912

System Extensions

3m Duct	6m Duct	Through Wall
DCT2276	DCT2667	DCT2286

Extension kits can be used to add more outlets to your SmartVent home ventilation system.

Features and Seasonal Add-Ons

Features
Dew Point Control
Humidity Sensing
Temperature Sensing
Low Temperature Protection
Auto or Manual Operation
Boost Control
Filter Change Alert
Screen Brightness Control
Scheduler
Seasonal Add-Ons ¹⁾
Summer Feature
Heat Transfer
Tempering Heater

¹⁾ See page 180 for full information on Seasonal Add-On options

SV02E2

SV04E2

SV06E2

Control Your Climate
Comprehensive humidity control protection against moisture, mould and mildew with multiple seasonal add-on options
