! Works even when
Wi-Fi is down

Portable Button

EASY WIRELESS CONTROL OF YOUR SMART LIGHTS

Short press: ON
Long press: BRIGHTER

Short press: OFF
Long press: DIMMER

2 BUTTONS

Target

- Global
- Application – Living Room, Dining Room, Kitchen, Bedroom
- Launch Window: Q3 2022
- 12NC: 929003501301

Benefits and User Cases

- Portfolio Strategy: Better vs. WiZmote
- Use as a switch on the wall and can be brought along as a remote, faster control than app and voice
- Difference vs. WiZ click:
 - Portable button has 4 settings: On, Off, Dimming Up and Dimming Down
 - WiZ Click only has 2 uses: Fav 1, Fav 2
- Easy fix on the wall with 3M tape or metal surface with magnet
- More functions in Phase 2, with WiZ lamp software upgrade
 - Personalized setting to control one light or a group of light or all lights in the room
 - Customized function of “Long Press”, for example to trigger Fav 1, Fav 2

Technical Specification

- **ON, OFF, Dimming**
- Customized “Long Press” function in 2023 (no hardware change)
- Wall mount plate with 3M tape/magnet provided
- **Wi-Fi based, controls all WiZ lights**
- Requires 2xAAA alkaline batteries
- Battery life 1 year
- 15 meters control distance
- IP20, for indoor use only
