Data Sheet
STREAM 4
Ultra Filtration Water Filter (4 stage)
0.01 micron water filter

STIEBEL ELTRON
Technik zum Wohlfühlen

The advantages

- Simple push & click cartridge replacement
- Swing arm function allows for easy replacement of cartridges
- Compact 10 inch cartridges take up less space under sink
- Automatic shut off if cartridges are disconnected preventing water leakage
- Encapsulated filters for easy removal & prevention of contamination
- Silver ions prevent the growth of filtered bacteria inside the blue filter
- Colour coded filter cartridges for easy replacement:
  - Red – Sediment filters:
    - Rust, sediments, mud & particles >1 micron
  - Yellow – Activated Carbon filters:
    - Bad taste, odours, chlorine, THMs, VOCs, pesticides, herbicides, heavy metals & particles >0.5 micron
  - Purple – Ultra-Filtration Membrane filters:
    - Bacteria, cysts, algae & particles >0.01 micron
  - Blue – Activated Granular Carbon filters:
    - Additional odours that occur in the filtration process & heavy metals
- Includes tap and 350kPa pressure limiting valve
- WaterMark approved, licence number WMKA22044, AS/NZS3497
- Filter cartridge life up to 2160 Litres (dependent on water quality)

Plumbing installation
This water filter system must be installed in accordance with AS/NZS3500 plumbing and local regulations by a qualified person.
