

## Product data sheet

### Characteristics

# LV429342T

Conversion accessory for direct rotary handle, ComPacT NSX100/160/250, CNOMO machine tool control, IP54

### Main

|                                    |                                                                                                                                                                                                                                                                                                                                              |

### Environment

|                         |      |
|-------------------------|------|
| IP degree of protection | IP54 |
|-------------------------|------|

### Packing Units

|                              |         |
|------------------------------|---------|
| Unit Type of Package 1       | PCE     |
| Number of Units in Package 1 | 1       |
| Package 1 Height             | 12.5 cm |
| Package 1 Width              | 14.0 cm |
| Package 1 Length             | 11.0 cm |
| Package 1 Weight             | 244.0 g |
| Unit Type of Package 2       | S03     |
| Number of Units in Package 2 | 12      |
| Package 2 Height             | 30.0 cm |
| Package 2 Width              | 30.0 cm |
| Package 2 Length             | 40.0 cm |
| Package 2 Weight             | 3.36 kg |

### Offer Sustainability

|                             |                                                                                                                                   |
