Keep cable ties organised, secure and ready to use with the BLU-MOL FOX GRIP Cable Tie Holder. Designed for professional trade use, the holder allows cable ties to be loaded through the centre for quick access while keeping the bundle together on the move.

The integrated metal carabiner makes it easy to attach to a tool belt, tool bag or work gear, keeping commonly used cable ties close at hand. Manufactured in Taiwan, the robust reusable design is ideal for electricians, solar installers, data technicians and other trades regularly working with cable ties.

- Trade quality – Built for regular professional use.
- Quick access – Dispense individual cable ties as needed.
