

Dimmable LED Downlight

Delivering an impressive 120 lumens per watt, this high-efficiency downlight offers outstanding performance with 4CCT colour-switchable flexibility, allowing you to easily select the perfect lighting tone for any space.

An upgraded and improved version of the trusted DLEK3110 and DLEK361 models, it builds on a proven track record of reliability and long-term performance. With a shallow 40mm recess depth and a strong 850 lumen output, this downlight stands out as a best-in-class solution for a wide range of applications.

Engineered to achieve an exceptional balance between price and performance, it delivers premium results without compromise.

This quality HUGO product combines sleek, modern design with dependable durability — a trusted product from a trusted brand.
